I am grateful to Mr. Bennett. I found myself in a hopeless situation, and he has guided me to a hopeful solution. He did not have to do this, but he did, and I think that speaks volumes to his character. He was candid and realistic, but still willing to support my cause instead of brushing me off. What more do you want in a lawyer?

Robert S. Bennett's response: *"This client had a question about the Texas Board of Law Examiners and if a waiver was obtainable. Our office has handled several waiver issues with success. You also can go to YouTube and see our numerous presentations about the BOLA. Look up: Texas Board of Law Examiners-Bob Bennett"*
