

Regrets for not hiring Mr. Bennett

5.0 stars

I recently attended a character and fitness hearing without hiring Mr. Bennett. While waiting for my hearing, I had a chance to converse with him, and wish that I had taken a step back and solicited his services. After all of the effort put into my legal endeavors, I regret not having him with me during this experience. He was exceptionally knowledgeable and experienced in these issues, and I appreciated the advice he gave me.
