Mr. Bennett is a true professional. He was courteous and in tune of the outcome that I (the client) wanted. He quickly took over the case emailing the USMLE secretariat and letting them know that I was now represented. He helped me with the letter to the committee and preparing the speech all the way to actual delivery and the presentation of it according to my demeanor. Mr. Bennett gave the winning news of the NBME withdrawing their allegations to me by a personal phone call congratulating me. He was with me from beginning to end each process of the way. But the most important aspect of Mr. Bennett's character is that he always makes himself available to speak at all times. This not only helped my confidence in the case but also knowing that he was truly looking out for what my needs were. Mr. Bennett is the only attorney I trust to handle complicated licensing board matters.

Thank you Mr. Bennett!!
