January 18, 2018

After starting to fill out my bar application, I became worried about some things I had not disclosed on my law school application. I contacted Mr. Bennett's office to discuss my options. Mr. Bennett called me back the same day and provided very useful information free of charge. I feel much better about the application process and I will be sure to reach out to him again if needed after I submit the application.

This review is from a potential client who consulted with this attorney.
Consulted attorney

Robert S. Bennett's response: *"No attorney in the State of Texas has more client reviews re. the Texas Board of Law Examiners than I do. At least that is what the Avvo Corporate Office wrote me. No Attorney in Texas has posted more YouTube Videos about the BOLE process for law student education on the BOLE process to become licensed as an attorney. All initial calls are free, so call for a consultation, if you are applying to law school, doing your intent to practice law, or applying to take the bar exam. If you do get a Preliminary Determination Letter, we are definitely here to help. Bob Bennett 832-566-1490."*
