I am a medical student who was recently charged by the USMLE for irregular behavior in conjunction with the USMLE Step 2 CS exam. Needless to say, I was highly distraught. When researching attorneys to represent me, I found that Mr. Bennett is one of the few in this country with expertise in this matter. During the initial free consult I had with him he was able to calm me down and present a good strategy for dealing with the USMLE and outlined what he would do for me. Even though I did not end up hiring him, as I live far from Houston, he was still gracious with his time with me. I highly recommend Mr. Bennett if you ever are in the unfortunate situation of having to deal with the USMLE in a legal matter.

This review is from a potential client who consulted with this attorney.
Consulted attorney

Robert S. Bennett's response: *"In the 20 years we have been representing doctors and medical students before the USMLE/NMB, we have rarely had clients from Houston. We have represented clients from all over the world and welcome the opportunity to represent you, no matter where you live or find yourself when an irregular behavior letter is received."*
