Mr. Bennett provided me with detailed advice regarding my application to the Texas Bar. He was very attentive to my concerns, and addressed each of my questions point by point. I was very pleased with how he truly seemed invested in my concerns. Compared to the level of interest and attention of the other 10+ lawyers I contacted, Mr. Bennett exceeded each of them.

This review is from a potential client who consulted with this attorney.

Robert S. Bennett's response: *"We are very honored to help professionals with licensing issues. We strive to have any disputes resolved with the agency without having a hearing or informal settlement conference. But we are always prepared to present our client's case in the administrative hearing and beyond if necessary.rsb"*
