I was involved in a very messy residency program at a hospital in the Northeast. I was being treated very unfairly by the Department Director because I was a woman and foreign trained. I contacted Texas License Attorney Robert S. “ Bob” Bennett and he helped me change programs without the loss of any credits or time and I was able to successfully complete my residency program. I found him to be very knowledgeable re. medical matters and reasonable in his charges for the work performed. I would recommend any physician to hire him if they are facing a problem with a medical board or an type of medical-legal problem. He did a very good job for me.

Robert S. Bennett’s response: *“As a former Assistant United States Attorney,corporate counsel for a Coca-Cola Bottling Franchise, in private practice for 40+ years, there are few medical - legal issues, problems, or cases I have not handled. One of the few attorneys in the nation who appears regularly before the USMLE Panels in Philadelphia with both American and foreign clients. Numerous appearances before the Texas Medical Board and other professional licensing boards. We had a positive result with this client and hope to have the same for you. No charge for the initial consultation: 713-225-6000.”*
